RC-UNLOAD SOLENOID KIT NC
(Normally Closed)
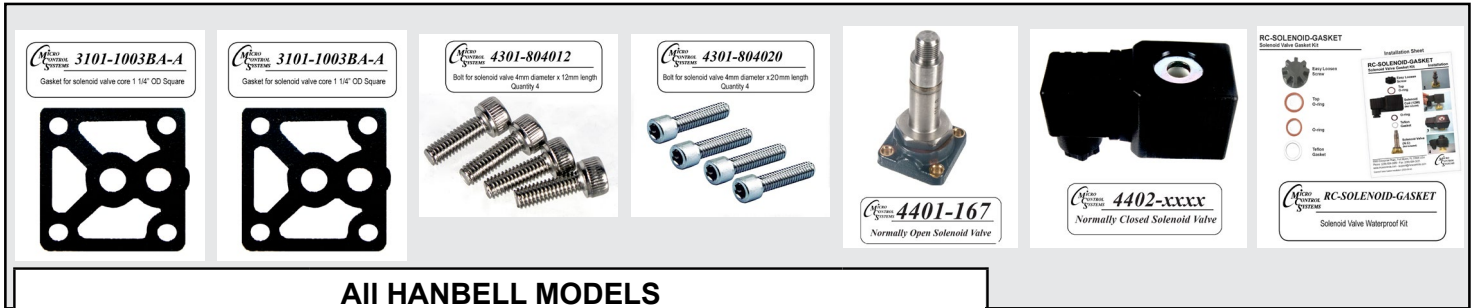

All HANBELL MODELS

PART #	DESCRIPTION	QUANTITY
3101-1003BA-A	Gasket	2
4301-804012	Bolts M4 x M12 (for use with NO orifice plate)	4
4301-804020	Bolt for solenoid valve (for use WITH orifice plate)	4
RC-SOLENOID GASKET	Water Proof Solenoid Gasket Kit	1
4401-167	Normally Closed (NC) Solenoid Valve	1
4402-15 / 4402-GB62	Solenoid valve coil only 12W 110v / 220v	1

Packaging

Ship Weight .... 1 lb (approx)
Box Dimensions........ 7" x 4.25" x 2.25""

Orifice Plate
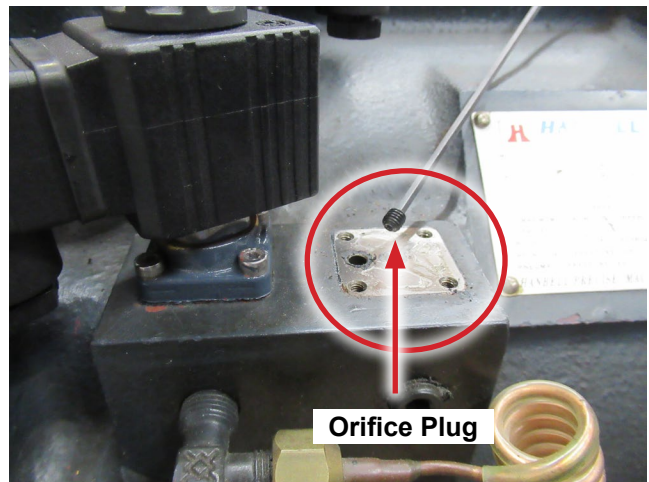

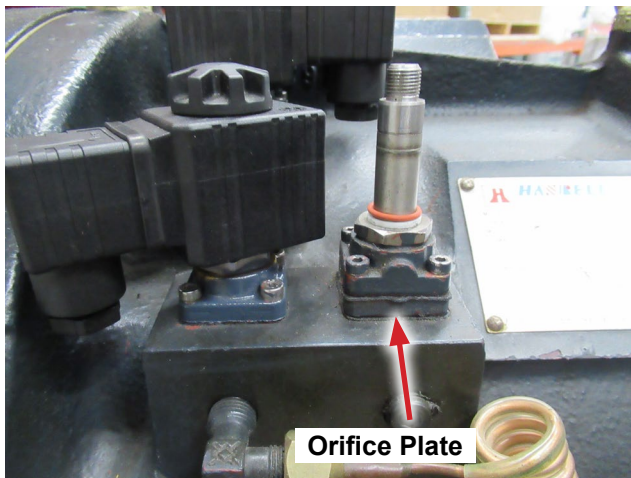

Orifice Plug

For the unload solenoid you can have 2 types of configurations, one which uses the orifice plate or one that uses the orifice plug. If you are using infinite capacity unloading(pulsing) you would leave these restrictions in place to slow down the unloading. If you are set up for step unloading(on/off) these restrictions should have been removed. Replace the existing solenoid with the new solenoid and 2 gaskets for the orifice plate or 1 gasket for the orifice plug.
