

SOFTWARE RELEASE NOTES

MCS-CONNECT **Version 18.28.02** **06/04/2019**

Updates from previous versions:

Bug Fixes:

1. **Extended history not working with Alarm Alerts active** - The extended history is still having issues with the alarm alerts active. This is causing MCS-Connect to save an empty history file every few seconds and overflow the storage.
2. **New Animation code is causing MCS-Connect to crash** - When parsing an XML file with the new animation code, if the animated image is not found it is crashing MCS-Connect.
